LOA/LWL:	<i>12.40m / 9.9m</i>	Beam:	<i>3.25m</i>
Draft:	<i>2.04m</i>	Displacement:	<i>9.5 Tonnes</i>

History

ILLIRIA was built in 1968 in Rimini, Italy by Cantieri Carlini, one of the principal builders of S&S designs at that time. She is a RORC class sloop with separate rudder and fin keel with trim tab, to design #1777-C2.

She is one of 3 sisters; the first ASSEGAI II was built by Berthon in Lymington. Design #1777-C1 named AJA was built by Broderna Martinssons Varv AB of Sweden. These boats were designed with a long keel, different interior layout and retrousse transoms. ILLIRIA retains the traditional counter and transom. She was built for Dott.Ing. Barbanti, who owned her for 42 years. Andy and Jane are the third owners.
