History

Known for her beautifully sleek lines, flush decks and elegant overhangs, OUI FLING has been designed as an out-and-out modern racing yacht which looks as good as she sails.

With a brief to create a yacht which carries no excess weight, OUI FLING features exclusive carbon fittings with weight taken into consideration in every part of her elegant design. As well as the standard Spirit carbon rig, this yacht goes one step further to ensure lightness and speed on the water, from a carbon keel blade and rudder, to carbon winches and fittings. The result has been a yacht which is now winning regularly.
